

GABRIEL DA SILVA

DEVELOPER | QA TESTER | AGILE

ABOUT ME

My passion for programming and technology has led me to constantly stay updated on the latest trends and advances in the field, which I consider essential to be able to contribute effectively in a dynamic and demanding work environment.

In addition to my technical skills, I consider my ability to work as a team, my proactivity, and my commitment to excellence to be aspects that set me apart. Adding significant value to the development team and contributing to the achievement of its objectives.
